

uPVC fabricated junctions, bends and fittings

A wide range of fittings is available to complement our **Drainex** subsoil drainage pipe system. Custom made fittings can be manufactured to suit customers special applications.

The standard range of fittings has a simple push-fit configuration. If watertight joints are required then this must be specified at the time of order and non-standard fittings suitable for use with rubber sealing rings will be supplied.

Dimension	Nominal Diameter (mm)		
	DN75	DN110	DN160
A	45	65	90
B	140	210	310
C	95	120	210
D	20	20	45
E (45°)	65	75	100
E (22 1/2°)	63	50	80
F	130	155	230
G	115	150	250
H (90°)	430	580	700
H (45°)	225	300	425
H (22 1/2°)	400	620	790
I	30	30	35
J	-	80	140
R	280	470	600
